Where Business Meets the Environment

The Northwest Environmental Conference is a regional conference that provides a forum where Northwest companies and agencies can share ideas and knowledge that will improve their environmental performance.

The 19th Annual Northwest Environmental Conference (NWEC) will be held December 6th & 7th in Portland, Oregon and we are inviting you to participate. The NWEC will once again be held at the Red Lion Hotel on the River – Jantzen Beach and will include a tradeshow produced by the Northwest Environmental Business Council. This event is the premier environmental conference and tradeshow in the Northwest.

Advertising and Sponsorship at the 2007 Conference provides an opportunity for your organization to reach over 500 managers and leaders from Northwest manufacturing and service businesses with environmental interests. We have established several sponsorship levels and advertising options that are described in the following brochure. Revenue from sponsorship and advertising income enables the conference to keep registration costs down and participation high.

NWEC looks forward to the opportunity to partner with you and to showcase your organization at NWEC 2007. Please look over this information and contact us so that we can answer any questions and assist you in supporting this important event. Please contact Vanessa at Conference Solutions at 503-244-4294 ext. 207.

Thank you for considering an NWEC sponsorship or advertising opportunity.
